Las Vegas Gazette.

VOLUME 4. NUMBER 51. LAS VEGAS, NEW MEXICO, MARCH 3, 1877. WHOLE NUMBER 207

Several cases of small pox are reported by the *Herald* in the vicinity of Silver City. That paper says:

It has almost disappeared from the Lower Gila. Mr Levy is well and in town.

W. Lee Thompson informs us that there are four or five cases still on hand at San Lorenzo. He thinks that during the past three months there were 40 cases in that vicinity.

Several members of the family of Mr. Davis have the varioloid.

Americus Hall was taken with small pox immediately after his return to Georgetown from a visit to Silver City.

Mr Hershberger has had a very severe attack of small-pox and a man has been hired to care for him.

S Upton. Jose Garcia and two children, Dock Welsh of Georgetown all have the small-pox in a wild form.

Mrs. Wm. Irwin who was confined this week is down with small-pox. So is her brother. They are living in the Knight and Davis house.
